

Donald Hampton, Jr.
Chief Executive Officer and Board Director

Donald Hampton, Jr. (Donnie) joined Carbon Revolution in March 2025. Donnie has been an executive and corporate officer at multiple Tier 1 automotive suppliers, holding global leadership positions at premier companies such as Honeywell International / Allied Signal, Maxion Wheels / Hayes Lemmerz, Rea Magnet Wire Company, Faurecia and Pace Industries.

Donnie began his professional career as a Supervisor at the Allied Signal spark plug plant in Fostoria, Ohio. After several roles with increasing responsibility at that plant and other Allied Signal (later Honeywell) facilities, Donnie joined Hayes-Lemmerz International (later Maxion Wheels) in Detroit, Michigan as the Director of Operational Excellence for North America. Again, he held leadership roles with increasing responsibility including: Vice President – North America; Vice President and General Manager – the Americas; and Vice President of Global Manufacturing. He left Hayes Lemmerz to assume the role of Vice President and Chief Operations Officer of Rea Magnet Wire in Fort Wayne, Indiana. After two years at Rea Magnet wire, he joined Faurecia in 2016 as the President North America Interiors Division. Subsequently, Donnie joined Pace Industries in 2020 as President and Chief Executive Officer.

Donnie was born and raised in Fostoria, Ohio and is a graduate of Fostoria High School. Mr. Hampton is also a veteran of eight years with two branches of service having served in the Army National Guard and with the United States Navy in Atsugi, Japan. He earned both his BBA in Accounting and an MBA from Tiffin University in Tiffin, Ohio and is a member of the Board of Trustees of that institution.
